

Graffiti Removal Authorization

Downtown Vision, Inc. (DVI) provides a free graffiti removal program for property owners within the boundaries of the Downtown Improvement District (bounded by Market St., Church St., Broad St. and Prudential Dr.) through our contract with Service Group, Inc (SGI). DVI will arrange for the graffiti to be removed or covered with patching paint. This service only applies to graffiti located no higher than 10 feet from the ground visible from the public right of way. With the permission of the property owner, DVI will automatically remove the graffiti within 24 hours of observing it or within 24 hours of receiving a request from a property owner to remove it (Monday through Friday, subject to weather conditions, Sundays and holidays excepted).

If you would like to receive this service, please submit a separate right of entry consent for each building you want DVI to keep free of graffiti. You may, if you wish, complete one right of entry consent form and list or attach multiple addresses. If you have any questions, please contact DVI's Director of District Services, Amy Harrell, at (904) 634-0303 x 224.

Cancant to Damaya Craffiti

Consent	to Kelliove Graffit	
Permissi	on is granted to DV	and its agent (SGI) to remove graffiti from structures at the following street address.
The follo	wing method is ap	proved (check all that are approved).
